

Southwest Georgia Nephrology Clinic
1200 N Jefferson St
Albany, GA 31701

NO SHOW FEE AGREEMENT

Southwest Georgia Nephrology Clinic is always looking for ways to improve our practice. Our priority is to make appointments more readily available to you, our patients. Unfortunately, we have seen an increase in patient “no-shows” which result in unused appointment times that could have been used to see you earlier.

Because of this, beginning April 1, 2019 we will begin charging a \$25 no-show fee for any appointment that is not cancelled or rescheduled at least 24 hours before your appointment.

If you are not sure if you have a scheduled appointment with our office we recommend logging in to our patient portal or calling our office to verify any upcoming appointments. Also, you will receive an automated appointment reminder call two days prior to your appointment which will make it possible for you to confirm, cancel or reschedule your appointment at that time.

We value and are very grateful for you, our patients and appreciate your help in making Southwest Georgia Nephrology Clinic a better place to meet your medical needs.

I acknowledge that I have read and understand the No Show Policy explained above.

Sincerely

Southwest Georgia Nephrology Clinic
